- Discipline in every project.
- Sincerity and honesty as the foundation of work relationships.
- Ability to solve problems efficiently.
- English/Spanish

## ABOUT ME

I'm Gonzalo Chamorro, a 19-year-old artist. I'm currently focused on 3D modeling and visual effects (VFX). I'm always looking to improve and stay updated with the latest trends and technologies in the field of visual effects. I always give my best to become a complete and experienced artist in the future.

## VFX Artist

Since I was 13 years old, I've been immersed in visual art, exploring logo design, flyers, 2D animations, and video editing. However, I felt the need to advance. I decided to venture into the world of 3D VFX. With dedication and effort, after 3 years of honing my skills, I contributed my abilities in 3D modeling and visual effects to various brands. This journey shows a natural progression in my artistic knowledge, demonstrating my ability to adapt and grow in this field.

## EDUCATION
